NEUROBEHAVIORAL TOXICOLOGY AND TERATOLOGY

Index to Volume 5

NEUROTOXICOLOGY AND TERATOLOGY

VOLUME 5 NUMBER 1 JANUARY/FEBRUARY 1983

CONTENTS

Editorial 1

Neonatal clomipramine treatment in the rat does not affect social, sexual and exploratory behaviors in adulthood. FILE, S. E. and J. C. TUCKER 3

The effects of chronic cobalt exposure on behavior and metallothionein levels in the adult rat. NATION, J. R., A. E. BOURGEOIS, D. E. CLARK and M. F. HARE 9

Reduced social dominance in rats perinatally exposed to methadone. THOMPSON, C. I. and I. S. ZAGON 17

Taste aversions to several halogenated hydrocarbons. KALLMAN, M. J., M. R. LYNCH and M. R. LANDAUER 23

Ultrasonic vocalizations as diagnostic tools in studies of developmental toxicity: An investigation of the effects of prenatal treatment with methylmercuric chloride. ADAMS, J., D. R. MILLER and C. J. NELSON 29

The effect of methylphenidate on overactivity in rats prenatally exposed to alcohol. ULUG, S. and E. P. RILEY 35

Repeated systemic aluminum exposure effects on classical conditioning of the rabbit. YOKEL, R. A. 41

Neurobehavioral effects of subchronic exposure of weanling rats to toluene or hexane. PRYOR, G. T., J. DICKINSON, R. A. HOWD and C. S. REBERT 47

Transient cognitive deficits and high-frequency hearing loss in weanling rats exposed to toluene. PRYOR, G. T., J. DICKINSON, R. A. HOWD and C. S. REBERT 53

Toluene-induced hearing loss in rats evidenced by the brainstem auditory-evoked response. REBERT, C. S., S. S. SORENSON, R. A. HOWD and G. T. PRYOR 59

A comparison of the rates of development of functional hexane neuropathy in weanling and young adult rats. HOWD, R. A., C. S. REBERT, J. DICKINSON and G. T. PRYOR 63

Concentration-related effects of hexane on evoked responses from brain and peripheral nerve of the rat. REBERT, C. S. and S. S. SORENSON 69

A method for equating thermal stress parameters for neurobehavioral toxicity studies. KLAUENBERG, B. J. and S. P. SPARBER 77

Behavioral toxicity of amphetamine is differentially affected by hot and cold water immersion stress. KLAUENBERG, B. J. and S. B. SPARBER 83

Assessment of chemicals using a battery of neurobehavioral tests: A comparative study. PRYOR, G. T., E. T. UYENO, H. A. TILSON and C. L. MITCHELL 91

Caffeine and social investigation in the adult male rat. HOLLOWAY, W. R., JR. and D. H. THOR 119

Contents continued

Caffeine: Effects on the behaviors of juvenile rats. HOLLOWAY, W. R., JR. and D. H. THOR 127

Effects of chronic alcohol exposure on offspring activity in rats. FERNANDEZ, K., W. F. CAUL, G. L. OSBORNE and G. I. HENDERSON 135

Permanent hippocampal mossy fiber hyperdevelopment following prenatal ethanol exposure. WEST, J. R. and C. A. HODGES-SAVOLA 139

A correlative neurobehavioral-morphological model of acrylamide neuropathy. STERMAN, A. B. and R. C. SHEPPARD 151

Altered behavioral response to apomorphine in cadmium exposed rats. SMITH, M. J., B. GARBER and R. O. PIHL 161

NEUROTOXICOLOGY AND TERATOLOGY

VOLUME 5 NUMBER 2 MARCH/APRIL 1983

CONTENTS

Introduction 169

Genetic Models

Thirty-two years of selection of rats by ethanol preference: UChA and UChB strains. MARDONES, J. and N. SEGOVIA-RIQUELME 171

Genetics and alcoholism. CRUZ-COKE, R. 179

Polygenic and single-gene determination of responses to ethanol in BXD/Ty recombinant inbred mouse strains. CRABBE, J. C., A. KOSOBUD, E. R. YOUNG and J. S. JANOWSKY ... 181

Isolation and partial characterization of γ-glutamyl transpeptidase from mice differing in alcohol sensitivity. REYES, E., J. M. RIVERA and R. MURRAY 189

Pharmacokinetics

Genetic aspects of ethanol disposition and dependence. RAWAT, A. K. 193

Gender differences in peak acetaldehyde concentration after an acute dose of ethanol. ZEINER, A. R., P. S. KEGG, M. BLACKBURN and R. STRATTON 201

The gender of alcohol and aldehyde dehydrogenases. MESSIHA, F. S. 205

Neurophysiological Studies

Peripheral vascular actions of ethanol and its interaction with neurohumoral substances. ALTURA, B. M. and B. T. ALTURA 211

Ethanol suppression of locus coeruleus neurons: Relevancy to the fetal alcohol syndrome. STRAHLENDORF, H. K. and J. C. STRAHLENDORF 221

Behavioral Studies

Effect of alcohol and *Cannabis sativa* consumption on handwriting. ZAKI, N. N. and M. A. IBRAHEIM 225

Comparison of the offspring of three serial pregnancies during voluntary alcohol consumption in Sinclair (S-1) miniature swine. DEXTER, J. D., M. E. TUMBLESON, J. D. DECKER and C. C. MIDDLETON 229

Vitamin A, gender and ethanol interactions. MESSIHA, F. S. 233

The homeostatic reflex and addictive drugs. NICHOLS, J. R. 237

Contents continued

Biochemical Studies

Subcellular distribution of oxidoreductases in genital organs of the male rat. MESSIHA, F. S. .. 241

Subcellular alcohol and aldehyde-dehydrogenases in the genital system of the female rat. MESSIHA, F. S. 247

Properties and regional distribution of ocular aldehyde dehydrogenase in the rat. MESSIHA, F. S. and J. PRICE 251

Gender and propranolol-ethanol interaction. MESSIHA, F. S. and L. LUTHERER 255

Fetal Alcohol Syndrome

The molecular mechanisms of fetal alcohol syndrome (FAS) I. Ethanol-induced growth suppression. PENNINGTON, S. N., J. W. BOYD, G. W. KALMUS and R. W. WILSON 259

Effects of maternal administration of alcohol on fetal brain development. REYES, E., J. M. RIVERA, L. C. SALAND and H. M. MURRAY 263

Metabolic aspects of fetal alcohol syndrome. MESSIHA, F. S. and S. K. VARMA 269

NEUROTOXICOLOGY AND TERATOLOGY

VOLUME 5 NUMBER 3 MAY/JUNE 1983

CONTENTS

The effects of chronic cadmium exposure on schedule controlled responding and conditioned suppression in the adult rat.
NATION, J. R., D. E. CLARK, A. E. BOURGEOIS and D. M. BAKER 275

Effects of zinc deficiency on lead toxicity in rats.
BUSHNELL, P. J. and E. D. LEVIN 283

Lorazepam treatment in the neonatal rat alters submissive behavior in adulthood.
FILE, S. E. and J. C. TUCKER 289

Neonatal effects of toluene on the locomotor behavioral development of the rat.
LORENZANA-JIMENEZ, M. and M. SALAS 295

Behavioral tests in monkey infants exposed embryonically to an oral contraceptive.
GOLUB, M. S., L. HAYES, P. SRINIVASA and A. G. HENDRICKX 301

Neurobehavioral effects of D-glaucine in rats.
BERTHE, J., B. REMANDET, G. MAZUE and H. A. TILSON 305

Head-dipping behaviors in rats exposed to alcohol prenatally as a function of age at testing.
PLONSKY, M. and E. P. RILEY 309

Differential effects of pre- and/or post-natal *d*-amphetamine on avoidance response in genetically selected lines of rats.
SATINDER, K. P. and J. W. STERLING 315

Pyrethroid effects on operant responding and feeding.
BLOOM, A. S., C. G. STAATZ and T. DIERINGER 321

Lead intoxication and the amygdaloid kindling model of epileptogenesis in the adult rat.
SCHWARK, W. S., M. HALUSKA, K. POWELL and P. BLACKSHEAR 325

Neurobehavioral assessment of 2,4-dichlorophenoxyacetic acid (2,4-D) in rats.
SQUIBB, R. E., H. A. TILSON and C. L. MITCHELL 331

Species and strain comparison of acute neurotoxic effects of trimethyltin in mice and rats.
CHANG, L. W., G. R. WENGER, D. E. McMILLAN and R. S. DYER 337

Effects of prenatal alcohol on homing behavior, maternal responding and open field activity in rats.
FERNANDEZ, K., W. F. CAUL, M. HAENLEIN and C. V. VORHEES 351

Selective neurochemical and histological lesions in rat hippocampus following chronic trimethyltin exposure.
VALDES, J. J., C. F. MACTUTUS, R. M. SANTOS-ANDERSON, R. DAWSON, JR. and Z. ANNAU 357

In utero alcohol exposure: Functional and structural brain damage.
ABEL, E. L., S. JACOBSON and B. T. SHERWIN 363

Contents continued

Neonatal triethyl lead neurotoxicity in rat pups: Initial behavioral observations and quantification.
BOOZE, R. M., C. F. MACTUTUS, Z. ANNAU and H. A. TILSON 367

Effect of low protein diet on manganese neurotoxicity: I. Developmental and biochemical changes.
ALI, M. M., R. C. MURTHY, D. K. SAXENA, R. S. SRIVASTAVA and S. V. CHANDRA 377

Effect of low protein diet on manganese neurotoxicity: II. Brain GABA and seizure susceptibility.
ALI, M. M., R. C. MURTHY, D. K. SAXENA and S. V. CHANDRA 385

BRIEF COMMUNICATION

The effect of pre- or postnatal lead exposure on Hamilton Search Task in monkeys.
LEVIN, E. D. and R. E. BOWMAN 391

ANNOUNCEMENTS 395

NEUROTOXICOLOGY AND TERATOLOGY

VOLUME 5 NUMBER 4 JULY/AUGUST 1983

CONTENTS

A behavioral assessment of arcuate nucleus damage after a single injection of monosodium glutamate.
DAWSON, R., JR. and Z. ANNAU 399

Diisopropyl Phosphorofluoridate (DFP) disrupts circadian activity patterns.
RASLEAR, T. G. and L. W. KAUFMAN 407

Correlation of telemetered heart and locomotor behavior in cyclazocine treated rats.
SCHLATTER, J., J. ELSNER and G. ZBINDEN 413

Developmental and behavioral toxicity following acute postnatal exposure of rat pups to trimethyltin.
RUPPERT, P. H., K. F. DEAN and L. W. REITER 421

Neurological manifestations of Tri-*O*-cresyl phosphate delayed neurotoxicity in cats.
ABOU-DONIA, M. B., D. N. JENSEN and D. M. LAPADULA 431

A time-course study of trimethyltin induced neuropathology in rats.
CHANG, L. W. and R. S. DYER 443

Effects of prenatal ethanol exposure on heart rate, activity, and response suppression.
CAUL, W. F., K. FERNANDEZ and R. C. MICHAELIS 461

Proconvulsant action of lindane compared at two different kindling sites in the rat—amygdala and hippocampus.
JOY, R. M., L. G. STARK and T. E. ALBERTSON 465

Behavioral teratogenicity testing as a method of screening for hazards to human health: A methodological proposal.
VORHEES, C. V. 469

Discrimination of serotonergic drugs is unaltered in rats prenatally exposed to ethanol.
HAENLEIN, M., W. F. CAUL, R. J. BARRETT and R. C. MICHAELIS 475

Prenatal levo-alpha-acetylmethadol (LAAM) and/or naloxone: Effects on brain chemistry and postweanling behavior.
LICHTBLAU, L. and S. B. SPARBER 479

ANNOUNCEMENTS 487

NEUROTOXICOLOGY AND TERATOLOGY

VOLUME 5 NUMBER 5 SEPTEMBER/OCTOBER 1983

CONTENTS

COMMENTARIES

Fetal alcohol syndrome: How good is the criticism?
ABEL, E. L. and R. M. SOKOL 491

Evaluating human neurotoxicity of the pesticide aldicarb: When man becomes the experimental animal.
STERMAN, A. B. and A. VARMA 493

ARTICLES

Visual evoked response testing method for neonatal rats.
ALBEE, R. R. and J. L. MATTSSON 497

Neurotoxicological investigation of pesticides in animal experiments.
DÉSI, I. 503

Effects of gestational alcohol on the development of neonatal reflexes in the rat.
COGAN, D. C., L. E. COHEN and G. SPARKMAN 517

Naloxone-induced suppression of food intake is potentiated by neonatal administration of monosodium glutamate to mice.
DAWSON, R., JR. 523

Neonatal lead exposure in rats: I. Effects on activity and brain metals.
McCARREN, M. and C. U. ECCLES 527

Neonatal lead exposure in rats: II. Effects on the hippocampal afterdischarge.
McCARREN, M. and C. U. ECCLES 533

Slow learning in rats due to long-term inhalation of toluene.
MIYAKE, H., T. IKEDA, N. MAEHARA, I. HARABUCHI, R. KISHI and H. YOKOTA 541

Pre- and postnatal development of rats following concomitant intrauterine exposure to propoxyphene and chlordiazepoxide.
BUTTAR, H. S. and J. H. MOFFATT 549

Lead induced alteration in maternal behavior and offspring development in the rat.
BARRETT, J. and P. J. LIVESEY 557

Behavioral consequences of prenatal diazepam exposure in rats.
SHORE, C. O., C. V. VORHEES, R. L. BORNSCHEIN and K. STEMMER .. 565

Pattern reversal and flash evoked potentials following acute triethyltin exposure.
BOYES, W. K. and R. S. DYER 571

Contents continued

Behavioral effects of prenatal exposure to ethylene dibromide.
SMITH, R. F. and L. GOLDMAN 579

BRIEF COMMUNICATION

Influence of early testing on postweaning performance in untreated F344 rats, with comparisons to Sprague-Dawley rats, using a standardized battery of tests for behavioral teratogenesis.
VORHEES, C. V. 587

LETTER TO THE EDITOR 593

REPLY 595

ANNOUNCEMENTS 597

NEUROTOXICOLOGY AND TERATOLOGY

VOLUME 5 NUMBER 6 NOVEMBER/DECEMBER 1983

CONTENTS

INTRODUCTION 603

The measurement of abnormal movement: Methods developed for Huntington's Disease.
FOLSTEIN, S. E., B. JENSEN, R. J. LEIGH and M. F. FOLSTEIN 605

The neurophysiologic basis of abnormal movements in basal ganglia disorders.
DELONG, M. R. 611

Kainic acid: Insights from a neurotoxin into the pathophysiology of Huntington's Disease.
COYLE, J. T., J. W. FERKANY and R. ZACZEK 617

Lathyrism: A neurotoxic disease.
SPENCER, P. S. and H. H. SCHAUMBURG 625

Cognitive impairment of Alzheimer disease.
FOLSTEIN, M. F. and P. J. WHITEHOUSE 631

The use of animal models to evaluate the effects of neurotoxins on cognitive processes.
OLTON, D. S. 635

Pathogenesis of dialysis encephalopathy.
ARIEFF, A. I. and C. A. MAHONEY 641

Aluminum inhibition of ADP-ribosylation in vivo and in vitro.
CRAPPER McLACHLAN, D. R., T.-V. DAM, B. J. FARNELL and P. N. LEWIS 645

Neurotoxic actions of methylmercury on the primate visual system.
MERIGAN, W. H., J. P. J. MAURISSEN, B. WEISS, T. ESKIN and L. W. LAPHAM 649

Multisensory evoked potentials in experimental and applied neurotoxicology.
REBERT, C. S. 659

Trimethyltin induced pathology in sensory neurons.
CHANG, L. W. and R. S. DYER 673

Computer assisted sensory examination to detect and quantitate sensory deficit in diabetic neuropathy.
DYCK, P. J., J. KARNES, W. BUSHEK, E. SPRING and P. C. O'BRIEN 697

INDEX TO VOLUME 5 705
